Date Filters:

Drag Order date to the filters as shown.

There are 5 options of date filters.

1. Relative dates
2. Range of dates

3. Starting date
4. Ending date
5. Special

→Relative dates

The screenshot shows the 'Filter [Order Date]' dialog box with the 'Relative dates' tab selected. The dialog has a title bar with a close button (X). Below the title bar are five tabs: 'Relative dates' (selected), 'Range of dates', 'Starting date', 'Ending date', and 'Special'. The 'Relative dates' section displays the date range '01-01-2012 to 31-12-2023'. Below this, there are five sub-tabs: 'Years' (selected), 'Quarters', 'Months', 'Weeks', and 'Days'. Under the 'Years' sub-tab, there are four radio button options: 'Previous year', 'Last 12 years' (selected), 'This year', and 'Next 3 years'. There are also options for 'Next year' and 'Year to date'. At the bottom, there are checkboxes for 'Anchor relative to Today' and 'Include null values'. The dialog concludes with 'Reset', 'OK', 'Cancel', and 'Apply' buttons.

You can select the date filter by choosing the year accordingly.

→Range of dates

The screenshot shows the 'Filter [Order Date]' dialog box with the 'Range of dates' tab selected. The dialog has the same title bar and tabs as the previous screenshot. The 'Range of dates' section shows a date range from '01-04-2022' to '31-03-2023' with a slider below it. The slider has markers for '03-01-2019' and '31-03-2023'. At the bottom, there is a 'Show:' dropdown menu set to 'Only Relevant Values' and an 'Include Null Values' checkbox. The dialog concludes with 'Reset', 'OK', 'Cancel', and 'Apply' buttons.

Choose the range of the dates as min and max range to filter the dates.
